Our event

2017 marks the 10th annual Circle of Hope event, but this year's event will be the beginning of a new organization in our community. This year's Circle of Hope will celebrate the merger of two leading non-profits in Dane County, **Community Partnerships** and **Center for Families**, as we unveil a newly combined and rebranded organization.

Our work in the community

Community Partnerships & Center for Families serve over **6,800** children, families, and individuals combined annually. Our services provide support, connection, education, and stabilization to some of the highest needs populations in our community that are challenged by poverty, health crises, mental health challenges, low levels of education, homelessness, and much more.

Your support

Your tax deductible contribution to the Circle of Hope will ensure the success of our event and enhance the start of our new, merged organization. Your support of this event will also showcase your awareness and investment in quality, effective, and sustainable wellness services that improve the lives of children, families, and young
