Service Limitations: We specialize in sensory, regulation and interoception issues that often co-occur with mental health concerns. However, we serve individuals with a wide-variety of mental health challenges and behavioral disorders beyond this. We cannot serve clients with serious sexual offenses or violent felonies.

Service Description:

Common Threads Family Resource Center, located minutes from Madison, WI, is both a state licensed mental health clinic with occupational and speech therapy, and a non-traditional school program. Both programs are geared towards individuals affected by mental health challenges, behavioral disorders, sensory processing challenges and autism. Our experienced and talented team of professionals creates a daily environment of acceptance and growth where students and clients flourish. The multidisciplinary team includes top professionals from multiple treatment, development, and educational areas to ensure we provide the most appropriate and forward-thinking services for every individual client. We believe in every individual that walks through our door and embrace all families who seek out our center. Working collaboratively, we are far stronger. It is our privilege to be of service.

Our Core Values:

- *Believing in the potential of each client we serve*
- *Being devoted to success*
- *Honoring our client's strengths*
- *Valuing relationship*
- *Meeting our clients where they are at*

Employment training and support staff works one-to-one with clients to develop and enhance employment skills in preparation for on-the-job training opportunities designed to result in direct employment.

Counseling staff, with support from peer specialists and case management staff, work with clients toward enhancement of individual life skills including (but not limited to) improved hygiene and personal care, increased opportunities for stable housing, and increased social skills.

Forward Learning Youth and Young Adults (FLYY)

2940 Chapel Valley Road
Fitchburg, WI 53711

Telephone: 608-819-6390

Fax: 608-807-5167

Website: www.flyy.org

Services Provided:

- SERVICE FACILITATION (assessment/planning)
- Medication Management
- Physical Health Monitoring
- Individual Skill Development and Enhancement
- Employment Related Skill Development
- Individual and/or Family Psychoeducation
- Wellness Management and Recovery/Recovery Support Services
- Psychotherapy

Ages Served: 7-35

Service Location: In office or community-based setting

Service Limitations: We are not able to serve clients with serious violent sexual charges, actively psychotic, or in need of detox services.

Service Description:

At FLYY we work with teens and young adults by teaching them the skills they need to be able to plan for their future or to become a healthy, productive community member. From cooking, cleaning, organizing and budgeting skills, to increasing their exposure to the Madison community by becoming more familiar with its parks, libraries, public transportation--FLYY does it all. Our services give young people the skills and supports they need to master mental health challenges and reduce the negative impact these challenges can have on daily lives.

FLYY's skill development and therapy services are geared towards providing young people experiential learning within their communities to improve their likelihood of success as they develop. FLYY also works with youth that are having troubles managing their emotions and behaviors by teaching them to understand and identify their triggers, manage their anger, stress, anxiety or sadness and by modeling healthy and appropriate behaviors. Additionally, FLYY staff also work with youth on developing and implementing new coping skills, emotional regulation, problem solving, social skills and distress tolerance. We specialize in working with youth and young adults who may not respond well to traditional therapeutic services.

In addition to supporting youth and young adults of our community, FLYY also works with parents by offering various programs to support and teach as well as family therapy services and mediation.

FLYY also provides service facilitation for youth and young adults who require specialized services within a strengths-based recovery model designed to support long-term success.

Bilingual Services Available in: Spanish and Hmong

Service Description:

Journey's mission statement is: Improving people's lives by pioneering and sustaining effective mental health and substance use disorder services. We "share the path from hope to recovery" with you. We start with a shared hope and work with you toward your recovery goals.

At Journey Mental Health Center - GROW

Growth Recovery Outreach Wellness (GROW) is a program that supports people in developing and working on goals in all aspects, 0 to 99+. Staff support your growth, provide outreach, and work with you on your general recovery and wellness. We meet you where you are and support you where you are. Sometimes that means in the community or in a clinic based setting.

Grow utilizes the CCS array and works with agencies across Dane county to provide care that makes sense for your mental and/or substance use treatment and your recovery goals. GROW also works closely with other Journey staff in a team based setting, including staff with lived experience, vocational experience and therapy experience. GROW team members will work with you side by side on your path to recovery while supporting your goals.

Service Description:

At Madison Trauma Therapy we empower people to develop their own recovery goals and choose the members of their recovery team. We are here to support and guide people on their journey toward recovery through:

- *Spirituality – an important component to recovery for many people. We are competent in this area and comfortable engaging people of any faith background.*
- *Creativity*
- *“Color Group” – an art group using creativity as an avenue for healing and self-expression.*
- *Art Studio – use of many mediums, colors and materials to creatively reframe challenges.*
- *“Writer’s Guild” – a writing group focused on both healing and building on strengths.*
- *“Breaking Bread” – a nutritional group focused on eating healthy on a budget.*
- *Close collaboration – we keep communication open between clients and all members of their recovery team.*
- *Relaxation Room – use of Biomat for pain and stress management.*
- *Patience – Not our pace, your pace. This is your recovery.*

One thing unique about MTT is that our staff is characterized by Christian beliefs that inform who we are as people and as helpers in our community. We come from a variety of faith backgrounds and denominations, and we desire to work together to make a positive impact on those around us. We welcome people of all beliefs and backgrounds and are highly respectful of each person’s individual story and what each person brings to the recovery process.

Service Limitations: We would be unwilling to serve consumers who present a safety threat to Orion staff.

Bilingual Services Available in: Spanish

Service Description:

Orion Family Services is a private, nonprofit organization which serves children, adolescents and families throughout Wisconsin. Orion's programs are dedicated to providing compassionate treatment services to troubled children and their families. Services include outpatient and in-home individual and family therapy to children, adolescents and families as well as a range of other critical outreach services.

The Orion Intensive In-Home Family Therapy Program is designed for treatment of children and adolescents experiencing severe emotional, behavioral, and social difficulties within their home, school or community. Including families in treatment when working with children and adolescents is an approach that improves individual and family functioning. Although the identified client is the child or adolescent, the program's focus includes treatment that supports the family in resolving their difficulties. The philosophy of the program is that everyone in the family is responsible, but no one is to blame. Treatment emphasis is placed up on enhancing family strengths and supporting positive changes in the family system, in order to improve the overall functioning of the child. Therapists work with families to increase family cohesion and effective communication, and to create a supportive family environment where negative behaviors are reduced and positive behaviors increased. Parenting skills education is incorporated in treatment in either a formal curriculum-based approach (through out Parent Skill-BUILDER Program) or informally as needed. For families impacted by trauma, we help healing occur through the use of trauma-informed treatment approaches such as Trauma-Focused Cognitive-Behavioral Therapy (TF-CBT). Orion has clinicians that have obtained advanced training in the utilization of this evidence-based and highly effective model for resolving trauma and reducing resultant emotional, behavioral, and interpersonal issues.

RISE Wisconsin, Inc.

1334 Dewey Court
Madison, WI 53703

Telephone: 608-250-6634 x:205

Fax: 608-250-6637

2120 Fordem Avenue, Madison

Service Limitations: We do not currently have a psychiatrist on site, but we are well connected to psychiatrists in the community and are prepared to help link you with this service.

Service Description:

At RISE, we specialize in transitions of all kinds, because change can be hard. We know that feeling overwhelmed and stressed can get in the way of living the life you want. We are here to support you in identifying and learning new skills. Youth, young adults and families are served with care and compassion.

We walk with you in building your hopes and dreams, grounded in mental health and substance use recovery. You decide what services will help you reach your goals, and we will get you connected. You have many kinds of support to choose from. We are flexible and will meet you where it works best for you, and we provide a variety of services tailored to your wellness goals.

With our service facilitation at RISE, you can access Individual Skills Development (ISD), individual and family psychoeducation, peer and parent support and vocational training. Through our team's partnership with Chrysalis and the Department of Vocational Rehabilitation (DVR), we offer state-of-the-art employment support to help you reach your goals. Finding a therapist, securing stable housing, getting connected to a doctor, finding the right support at school, and figuring out benefits (SSDI, Section-8, food assistance) can all happen while you are with us.

RISE values lived experience; our certified peer and parent peer specialists have experienced mental health/ substance use challenges or have parented children who have struggled. Because we have been in your shoes, we value your individual voice and choice in your own recovery journey and are able to walk along-side you.

We look forward to meeting you!

Service Description:

Office Based Services: Triquestrian provides traditional office-based psychotherapy for adolescents and adults. Our skilled therapists work with a variety of mental health and substance use issues including but not limited to Anxiety, Depression, BiPolar Disorder, Eating Disorders, Substance Use Disorders, Borderline Personality Disorder, Gender Identity, and Trauma. We tailor our services to meet the needs of each person we are working with utilizing CBT, DBT, Motivational Interviewing, Somatic Experiences, and a variety of other approaches.

Triquestrian also provides Service Facilitation services helping connect individuals with resources in the community. Our Service Facilitators will work directly with the individual to identify goals and develop plans that fit their needs to reach them.

Equine Assisted Psychotherapy and Equine Assisted Learning Services:

Triquestrian also provides Equine Assisted Psychotherapy and Equine Assisted Learning. Our mission is to provide the community with opportunities for growth and learning through the power of horses. We believe horses have the ability to help us experience and explore life from a unique perspective creating opportunities for growing, learning and healing.

We provide services utilizing the EAGALA (Equine Assisted Growth and Learning Association) Model. No riding is involved and no horse experience is needed. Equine Assisted Psychotherapy provides and experiential learning opportunity for participants. Because of its experiential nature, it allows a different level of exploration and integration of mind, body, and spirit that is sometimes difficult to reach within traditional treatment settings. Equine Assisted Learning Services provide participants opportunities for problem solving, communication skill building, leadership training, and self-esteem building. All services can be uniquely tailored to meet the participants' goals.

We will also be offering Trauma Focused - Equine Assisted Psychotherapy (TF-EAP) utilizing Natural Lifemanship planning in 2019. TF-EAP is based on the neuroscience of human and horse brain development, the impact of trauma, and the role of relationships in recovery and healing. It is principle based with a focus on assisting participants to create new neural pathways while learning regulation strategies in a trauma focused approach.

Service Description:

True Believers, LLC is an agency that provides intensive case management and service facilitation to adults of all ages in Dane County. Our staff consists of licensed substance abuse and mental health providers with over 20 years experience providing case management and advocacy to consumers. We believe that our consumers have the right to be treated with the upmost dignity and respect in all aspects of their lives. Our belief system is to meet people where they are and help them improve optimum living and well-being. Our agency strives to meet our consumer hierarchy of needs by addressing issues that they face, such as housing, lack of employment, no insurance, lack of support, legal problems, unresolved health concerns, and many more.
