

Community Partnerships has an immediate, part-time opening for a Child/Adolescent Prescriber & Consultant. Community Partnerships is a community-based agency which offers clinical care coordination and crisis stabilization services to children, adolescents and young adults who have mental health concerns and who may be at risk of psychiatric hospitalization or other residential placement. Community Partnerships offers a competitive hourly rate, a flexible work environment, and wraparound case management support for all participants enrolled in our programs.

Job Title: Child/Adolescent Prescriber & Consultant

Qualifications:

- Board certification as Child & Adolescent Psychiatrist and possession of license to practice medicine in State of Wisconsin.
- Advanced Practice Nurse Practitioners and Physician's Assistants with related Wisconsin licensure, a high level of applicable experience, and access to required supervision will also be considered.
- Strong interest in serving children and young adults in community-based setting
- Commitment to cultural humility and trauma-informed care and demonstrated ability to work successfully with diverse client populations.
- Excellent written and verbal communication skills.
- Demonstrated ability to navigate computer systems.

Preferences:

- Prior experience working with children, adolescents, and young adults
- Understanding of wraparound mental health and case management services

Job Duties:

- Provide on-site direct psychiatric care, including assessment/evaluation and medication management
- Partner with case management and clinical staff within agency to ensure wraparound support and care of client.
- Document all client-related contacts in the medical record.

Work Hours: 6-8 hours per week, or until the job is completed, flexible scheduling
